In the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application. Claims 1-9 are withdrawn by the present amendment. Claim 10 and 16 are currently amended. Accordingly, claims 10-19 remain for examination in the present application.

1-9. (Withdrawn)

- 10. (Previously Presented) DNA encoding a chimeric isoprenoid synthase polypeptide, wherein said chimeric isoprenoid synthase polypeptide comprises a first isoprenoid synthase polypeptide joined to a second different isoprenoid synthase polypeptide.
- 11. (Original) A vector comprising the DNA of claim 10.
- 12. (Original) A cell comprising the DNA of claim 10.
- 13. (Original) The cell of claim 12, wherein said cell is E. coli.
- 14. (Original) The cell of claim 12, wherein said cell is a plant cell.
- 15. (New) A transgenic plant comprising the DNA of claim 10.
- (Currently Amended) A vector comprising a chimeric <u>isoprenoid</u> synthase gene and a dominant selectable marker.
- 17. (Previously Presented) The vector of claim 16 further comprising additional elements selected from the group consisting of a promoter regulatory region, a transcription initiation start site, a ribosome binding site, an RNA processing signal, a transcription termination site, and a polyadenylation agent.

- (Previously Presented) The vector of claim 11 comprising a transcription initiation regulatory region.
- (Previously Presented) The vector of claim 11 comprising a transcription termination regulatory region.
